Priority is given to people undergoing cancer treatment but guests with other medical appointments are welcome to stay.

Both facilities are smoke-free to maintain a healthy environment.

What does it cost?

- Guest with cancer (1st person) \$40.00

Financial assistance through PATS

If you need to come to Adelaide for cancer treatment and live 100 km or more from the city, you may be eligible for assistance through the [Patient Assisted Transport Scheme \(PATS\)](#) towards the cost of your travel and accommodation.

PATS is a subsidy program funded by The Government of South Australia to assist people travelling more than 100 km each way to receive approved medical services.

Talk to your doctor or health service about PATS to see if you are eligible for help to cover the cost of travel and accommodation.

If eligible for PATS cover Cancer Council will invoice PATS directly for the cost of your accommodation so you may not have any additional accommodation costs other than telephone charges, confectionary items purchased from reception and meals from the dining room.
